SKILLS

Infrastructure
Compute / Storage / Networking
Rack Integration
Hybrid IT
AI-ready & HPC Environments

Compute & Storage Platforms
HPE / Dell / Lenovo
NetApp / Cohesity / Rubrik

Networking
Cisco / Juniper / Arista

Solutions Engineering
System Architecture
Statements of Work (SOWs)
Rack Build Instructions (RBIs)
Deployment Standards

LANGUAGES

Polish
English

Solutions Engineer with **20+ years in IT** and over **10 years at World Wide Technology**, progressing from Network Technician to Solutions Engineer. Helps some of the world's largest technology companies **design, deploy and scale** modern data center infrastructure across **compute, storage, networking and rack integration**. Works daily with **global enterprise and hyperscale customers**, turning business requirements into scalable, reliable and operationally efficient solutions, and producing the documentation that delivers them: **SOWs**, **Rack Build Instructions**, implementation procedures and deployment standards. Particularly focused on the infrastructure behind **AI, machine learning and high-performance computing**.

EXPERIENCE

Jan '22 - Now
World Wide Technology, Amsterdam — **Solutions Engineer**

- **Infrastructure Design:** Design, deploy and scale data center infrastructure spanning compute, storage, networking and rack integration for global enterprise and hyperscale customers.
- **Requirements to Execution:** Translate complex infrastructure needs into scalable, reliable and operationally efficient solutions, bridging business requirements and technical delivery.
- **Technical Documentation:** Author Statements of Work, Rack Build Instructions, implementation procedures and deployment standards.
- **Multi-vendor Delivery:** Hands-on with HPE, Dell, Lenovo, NetApp, Cohesity, Rubrik, Cisco, Juniper and Arista, for workloads from traditional enterprise to AI-ready environments.

Nov '18 - Jan '22
World Wide Technology, Netherlands — **Project Engineer**

Jan '18 - Oct '18
World Wide Technology, Amsterdam — **Network Engineer**

Apr '16 - Jan '18
World Wide Technology, Netherlands — **Network Technician**

- Oversaw the build of custom storage, compute and network data center racks, extensively tested before shipment to the customer.

Dec '10 - Mar '14
Bank BGZ BNP Paribas S.A., Poland — **IT Specialist**

Nov '05 - Nov '10
PKO Bank Polski, Poland — **IT Specialist**

- Windows Server, Active Directory, Exchange, security, networking, project management and user support.

EDUCATION

2002 - 2006
Wrocław University of Science and Technology — **Engineer's Degree**

- Systems, Networking and LAN/WAN Management

PROFESSIONAL DEVELOPMENT

- Cisco Live EMEA 2026, Amsterdam: AI, network automation and cybersecurity
